Ryam Lumber (formerly Tembec)

Ryam Lumber is a manufacturer of forest products - lumber, paper pulp, paper and specialty cellulose pulp - and a global leader in sustainable forest management practices. Ryam Lumber has operations in North America and France with some 3,000 employees, is listed on the TSX and has annual sales of approximately \$1.5 billion.

Ryam Lumber directly manages nearly 9 million hectares (about 22 million acres) of Canadian forestlands in keeping with responsible forest management practices. And we have earned Forest Stewardship Council® (FSC®) Certification for all our directly-managed forests. These forests ensure Ryam Lumber's long-term fiber supply, underlying the consistent quality and availability of everything we make.
