

SIM Morocco

Drawing on 40 years in health and safety management in Morocco, Canada and internationally, in 2009 SIM founded SIM Experts Morocco to respond to the growing needs of various economic players.

A multidisciplinary, dynamic team with Moroccan and Canadian skillsets offers training, coaching and auditing in health and safety and the environment. Our dynamic North American approach is at your disposal to achieve your organizational HSE objectives and to help you increase your competitiveness.

Given our position as market leaders, we work with the public sector, SMBs and multinationals operating in Africa.
